Copy of the Report of the Committee of Awards at the Fair of the AMERICAN INSTITUTE NEW YORK, 1865.

To the FLORENCE SEWING MACHINE CO. for the Best Family Sewing Machine, HIGHEST Premium! Gold MEDAL!

REASONS:

- 1st.—Its simplicity and great range of work.
- 2d.—The Reversible Feed Motion.
- 3d.—The perfect finish and substantial manner in which the Machine is made.
- 4th.—The rapidity of its working and the quality of the work done.
- 5th.—The self-adjusting Tension.

The Florence was awarded the first and highest premium at the State Fair of California, the only Fair on the Pacific coast at which any two double thread Sewing Machines were exhibited in competition in 1865.

The Florence received the only premium awarded, by the Mechanics Institute of San Francisco, in 1864 and 1865, to any Sewing Machine. Sewing Machine Co., or Agent. The claim of a competitor to a medal is without any foundation whatever.

Wherever the Florence has been brought in competition with other Sewing Machines, it has always been declared the best. It is the most simple, the most substantial, the most efficient, and its use is easily learned. Every Machine sold is guaranteed in the full sense of the word.

# SEMI-WEEKLY ENQUIRER.

TUESDAY, DECEMBER 25, 1866.

**A MERRY AND A HAPPY CHRISTMAS.**  
We wish all our friends—and enemies too, a merry and a happy Christmas; hoping all may enjoy themselves to the fullest extent, having nothing to occur by which their serenity and good nature may be ruffled. We hope, however, that those to whom a beneficent Creator has given trusts will think of the poor and needy at this season of general rejoicing, and make such donations as will cause all to be thankful and to rejoice at this anniversary of the birth of world's Saviour.

**OWING** to the fact that we were disappointed in receiving our printing paper from below last week we were not able to issue the ENQUIRER on Saturday last. Our order for paper was sent in sufficient time for it to have been here, but on account of the accident to the railroad the freight train was unable to get up, one of the falls having been washed-out below Gold Run, and the freight cars had to be taken back to Colfax. We shall endeavor to have sufficient paper on hand hereafter to prevent such a recurrence.

**SETTLE UP.**—Our Collector will visit the patrons of this paper during the first week of New Year's for the purpose of settling up all indebtedness, and we hope our friends will be prepared to respond to his calls in a substantial manner. We desire to pay those to whom we are indebted and commence the year as near even as possible, and in order to do this we are obliged to collect the several amounts due us. Our accounts against subscribers range from five to thirty dollars, making the amount standing upon our books something over five thousand dollars, which, if collected, would enable us to get out of debt and employ such assistance as would make the ENQUIRER one of the first papers in the interior. Our business rule hereafter will be, for subscribers, CASH; job-work, CASH; and for advertising cash at the end of each month. This rule will be adhered to in all cases, and those who cannot comply with the rule must do without the work. By this means we will be able to do work at a less price than formerly and get along much better. Those knowing themselves indebted to us on any account whatever, will please remit the amount immediately. We want no patronage that will not pay.

**THE LATE STORM.**—The storm that has prolonged its continuation up to the present writing has been the most severe that has occurred in this State for many years, more water falling in fact than during the memorable flood of 1861, and the effects would doubtless have been more terrible had it been accompanied with high winds. The country west of the Sacramento river is entirely flooded, sweeping off hundreds of thousands of dollars worth of stock and property, and otherwise injuring the interest of persons to an unprecedented extent, which will require years to repair. The railroads south of Sacramento are reported to be all under water and those north of the city have been so injured as to prevent them making regular communication for weeks and perhaps months to come; the rains have so swelled the streams as to carry away bridges, wash out aqueducts and embankments to such an extent as to stop the trains in many places. This is not only the case on the Central Pacific, but has effected every railroad in the State more or less. The damage done is not confined to our friends of the agricultural portions of the State, but has extended to almost every mining locality; flumes and telegraphs have been blown down, ditches broken, fences blown down, house porches wrenched from their fastenings and a general wreck of everything but the most securely fastened structures, caused, proving the storm to be more severe than any which has preceded it for years. What has caused the results of this great commotion of the elements to be greater felt by all classes is the fact of its continuation, rendering the work of reparation almost impossible. The damage sustained by the Central Pacific Railroad Company must be immense, requiring an outlay of enormous sums to place the road in anything like running order. The fills below this place have been washed out and the banks upon each side of the cuts have caved so much and so fast that it is impossible for the trains to make their regular trips notwithstanding the greatest exertions on the part of the Superintendent of the road to clear away the obstacles; hundreds of laborers are employed night and day bracing up the track where the filling material has washed, and clearing it where caves have occurred. It is impossible now and will be for some time to come to run the cars to Chico, and we would advise those whose destination is beyond this place to defer their trips until notified of the complete repairing of the road. The Stage Company, however, we understand, intend making their starting point from Alta again, in which case persons will be accommodated with transportation across the mountains, after the road is repaired up to that point. The freight trains, we learn, will not run further west of Colfax for sometime.

## THE PEOPLE SOVEREIGN.

While the people robed in mourning were yet returning from the grave of the lamented Lincoln, Andrew Johnson, President, by inscrutable destiny, to all appearances in collusion with subjugated, unrepentant leaders of the Rebellion, undertook to arrest the action of Congress; undertook to substitute his will for the will of the people. His policy as gradually developed through his pardoning and appointing power was to re-invest the authors of the Rebellion, great and small, with all their former rights and privileges, State and National, leaving the loyal heroic Union men of the South with the unprotected freedmen, a helpless minority. Thus the vanquished would have become the victors, and vice versa. Thus, could he have succeeded, would have been sown the seed of a bitter hostility to curse with its fruits future generations.

The nation was slow to condemn a public servant whom it had invested with so great powers, and in whom it had reposed so great trust. It waited for evidence. At length the Executive policy takes definite form—all doubt is removed. The People, through the press and the arena, mightily, all but supernatural agencies, by which mind holds converse with mind; by which the dwellers by the shores of distant oceans compare views, make up their judgments of current events, by which a whole nation sits in council on great questions of State, make up their judgment.

They proclaim it through the ballot-box—Congress again assembles. And with judgment cleared of all doubt, with their official pathway illumined by the clear light which the approving judgments of the greatest and best men cast on contemporaneous events, they go forward in the discharge of their duty and in obedience to the will of the people. The President carrying his policy with him, subsidies, condemned when measured by reason, justice, and the moral judgment of the nation. Politically, he may be considered as "dead."—officially, he lives and still holds the veto and appointing power. But the People, through their faithful public servants, will, if the public good requires, "veto his veto" and greatly limit his appointing power.

What a sad commentary on unwarranted executive assumption! What a glorious one on the moral power and crushing weight of the solemnly pronounced judgment of the nation. The power behind the Throne. Let servility, let those who may be inclined

"To crook the pregnant hinges of the knee  
That thrift may follow fawning."

Heed the lesson.

**RIGHT.**—From an article in the San Francisco Call we see that the Chief of Police of that city is determined to stop the depredations committed there by the vicious youth. For sometime past the boys of that city have banded themselves together for the purpose of stealing and robbery, and notwithstanding the frequent calls from press and pulpit for parents to make their children conduct themselves properly, the evil seems to be on the increase; the police are now instructed to arrest boys under age who may be found prowling about the streets. A similar order in this place, had we police regulations, might have the effect of saving many of our boys a lengthy residence at the State Prison, or perhaps a worse fate. A more abandoned set, for the number of boys cannot be found on the coast. Parents may not like this, but the time will certainly come when they will regret not exercising their authority in due time. The Call says:

**THE BOYS TO BE LOOKED AFTER.**—Chief Crowley has instructed the Policemen to look sharp after all boys found in the street, unaccompanied by grown persons after dark. If they cannot give a good account of themselves, the officers will convey them to the calaboose and lock them up. If parents and guardians will not look after the little ones, the public officials will, and the Industrial School will receive all who refuse to attend Public Schools and behave themselves properly.

**MASONIC.**—At a regular communication of Clay Lodge, No. 101. F. & A. M., held on Dec. 15th, the following officers were elected for the ensuing Masonic year: Isaac T. Coffin, W. M.; Henry C. Kelsey, S. W.; C. M. Kopp, J. W.; N. W. Blanchard, Tr.; William H. Keeler, Sec.

The gentlemen elected will be installed into their respective offices on Thursday evening the 27th, when the Lodge will participate in their annual banquet to be given at the Dutch Flat Hotel, where visiting brethren may expect a "feast of reason" as well as all the good edibles of the season, served up in the most artistic manner, if we are to be allowed to judge the supper to be given by similar ones which has made the house famous on occasions of a like character.

**CHRISTMAS TREE.**—The children of the Union Sunday School planted their Christmas Tree in the Theatre, which was loaded with presents of every variety, from the finest silk dresses to a tin whistle, and the children, who were favorites of Santa Claus, were transported to the third heaven in receiving the many donations from this patron saint. The music, under the direction of Mrs. Cook was all that could have been asked. Last night will long be remembered by the juveniles of this burg as an occasion of happiness and joy. So note it.

The Methodist Sunday School also erected a tree and the presents were numerous and plenty, and the exercises pleasant and appropriate, making all who witnessed them think of "childhood's hour," the wish involuntarily recurring, "would I were a boy again."

**GOOD TEMPLARS' BALL.**—The Committee of arrangements request us to state that conveyances will be in readiness for the gratuitous use of all who may desire to go to the ball to-night. The admission price will be five dollars, including the use of carriages and supper.

## MEDICAL.

S. T.—1860.—X.

**"YES! SO!" "EXACTLY!"**—Solon Shingle said; they were there "every time." If he felt "owley" in the morning, he took Plantation Bitters; if he felt weary at night he took Plantation Bitters; if he lacked appetite, weak, languid, or mentally oppressed, he took Plantation Bitters and they never failed to set him on his pins square and firm.  
A few bottles of **PLANTATION BITTERS**  
Will cure Nervous Headache,  
Cold Extremities and Feverish Lips,  
Sour Stomach and Fetid Breath,  
Flatulency and Indigestion,  
Nervous Affections,  
Excessive Fatigue and Short Breath,  
Pain over the Eyes,  
Mental Drowsiness,  
Prostration; Great Weakness,  
Sallow Complexion, Weak Bowels, &c.,  
which are evidences of

**Liver Complaint and Dyspepsia.**  
After a long research, we are able to present the most pleasant, the most remarkable cure for those horrid nightmare diseases the world has ever produced. Within one year over six hundred and forty thousand persons have taken the Plantation Bitters, and not an instance of complaint has come to our knowledge!  
It is a most effectual tonic and agreeable stimulant. It repairs the system, restores the natural vigor of its active properties are wholly false.  
The original quality and high standing of these goods will be sustained under every and all circumstances. They have already obtained a sale in every town, village, parish and hamlet among civilized nations. Base imitators try to come as near our name and style as they can, and because a poor article cannot be sold as long as a good one, they find some support from parties who do not care what they sell. Be on your guard. See our private stamp over the cork.

**P. H. DRAKE & CO.,**  
NEW YORK CITY, Proprietors  
Sold by all Druggists, Grocers, country stores and dealers throughout the world; small dealers can obtain supplies of any wholesale House in any large city or town in the Union.

**BARNES' MAGNOLIA WATER.**  
A toilet delight! The Ladies' delight and Gentlemen's boon! The "sweetest thing" and largest quantity. Manufactured from the rich Southern Magnolia. Used for bathing the face and person, and to render the skin soft and fresh, to prevent eruptions, and to perfume clothing, &c.  
It overcomes the unpleasant odor of perspiration. It removes redness, tan, blotches, &c.  
It cures nervous headache and allays inflammation. It cools, softens and adds delicacy to the skin.  
It yields a subtle and lasting perfume.  
It cures musquito bites and stings of insects.  
It contains no materials injurious to the skin.  
It is what every lady should have. Sold everywhere. Try the Magnolia Water once, and you will use no other Cologne, Perfumery or toilet water afterwards. Sold by Druggists and Dealers everywhere.  
**DEMAS BARNES & CO.,**  
Props. Exclusive agents, N. Y.

**LYON'S KATHAIRON.**  
It is a most delightful Hair Dressing. It eradicates scurf and dandruff. It keeps the head cool and clean. It makes the hair rich, soft and glossy. It prevents the hair turning gray and falling off. It restores the hair upon prematurely bald heads. This is just what Lyon's Kathairon will do. It is pretty—it is cheap—durable. It is literally sold by the car-load, and yet its almost incredible demand is daily increasing, and there is hardly a country store that does not keep it, or a family that does not use it.  
**E. THOMAS LYON, Chemist, N. Y.**

**LYON'S EXTRACT GINGER.**  
**LYON'S EXTRACT OF PURE JAMAICA GINGER.**—For Indigestion, Nausea, Heartburn, Sick Headache, Cholera Morbus, Flatulency, &c., where a warming stimulant is required. Its careful preparation and entire purity make it a cheap and reliable article for culinary purposes. Sold everywhere at fifty cents a bottle. Ask for "Lyon's" Pure Extract. Take no other. See that the private U. S. stamp of Demas Barnes & Co., is over the cork of each package. None other is genuine.

**MUSTANG LINIMENT.**  
Have you a hurt child or a lame horse? Use the Mexican Mustang Liniment. For cuts, sprains, burns, swellings and caked breasts, the Mexican Mustang Liniment is a certain cure.  
For rheumatism, neuralgia, stiff joints, stings and bites, there is nothing like the Mexican Mustang Liniment.  
For sprained horses, the poll evil, ringbone and swellings, the Mexican Mustang Liniment never fails. For wind galls, scratches, high-heal and splint, the Mexican Mustang Liniment is worth its weight in gold.  
Cuts, bruises, sprains and swellings are so common and certain to occur in every family, that a bottle of this Liniment is the best investment that can be made.  
It is more certain than the doctor—it saves time in sending for the doctor—it is cheaper than the doctor, and should never be dispensed with.  
"In lifting the kettle from the fire, it tipped and scalded me terribly." "The Mustang Liniment extracted the pain and caused the sore to heal rapidly, and left very little scar."  
**CHAS. FOSTER, 426 Broad str., Phil.**  
Mrs. S. Litch, of Hide Park, Va., writes: "My horse was considered worthless, (sprain) but since the use of the Mustang Liniment I have sold him for \$150. Your Liniment is doing wonders up here."  
All genuine is wrapped in steel plate engravings, signed G. W. Westbrook (Chemist) and also has the private U. S. stamp of Demas Barnes & Co., over the top. Look closely. Sold by all Druggists at 25 cents, and \$1.

**LYON'S FLEA POWDER.**  
**DEATH TO FLEAS!**—It is well known that Lyon's genuine Magnetic Powder will perfectly destroy everything in the shape of Fleas, ticks, bed-bugs, roaches, &c., that it is perfect poison to the insect tribes, but entirely harmless to the human species and domestic animals. The genuine has the signature of E. Lyon, and the private stamp of Demas Barnes & Co. Anything else of this kind is an imitation or counterfeit. Any Druggist will procure the genuine if you insist you will have no other.

## WHO CONSTITUTE THE SOUTH.

The identical men who were first to declare in favor of secession; last to lay down their arms, and cease their efforts to dismember the Republic, are the very men who have been and now are loudest in their complaints against, what to them, appears the injustice of the Federal government in not immediately restoring them to all their rights and privileges. The same class of men, and the same organs have been making all this doleful out-cries of wrong and oppression. They however, are by no means the only parties justly interested. Indeed common justice, it seems to us, would say that they are the parties, weighed in the scales of immaculate justice, least interested, and whose claims should be last considered.

With the assembling of Congress and the coming of a fitting occasion, the brave loyalists of the South, who, if need be, were ready to sacrifice their lives for the dear old flag, and greeting to Congress, and government for their respective States—which instead of being an engine of oppression shall establish equal justice, protecting alike the lives and property of all. The people of Louisiana, North Carolina and Arkansas have petitioned Congress, asking that it disperse the present temporary organizations created by the Executive without Congressional sanction, and yielded by those he made haste to pardon, to exalt treason and debase loyalty, with organizations founded on equal laws. With its powers so distributed as shall work "equal and exact justice" to all men. So constituted and so administered as shall not place the loyal people, white or black at the mercy of those who failed to disrupt the Republic.

Who constitute the South? is a question which is beginning to be viewed in its proper light. When were the active arrogant men who inaugurated secession ever satisfied. He has read human nature to but little purpose who sees any hope, other than that they will go down to their graves fighting against destiny, and bewailing their sad fate. The most glorious land upon which the sun ever shone; with the wealth of "Ormus and Ind" at their command, would not satisfy them. Nothing but to rule, as will, over that fair heritage of God, the lovely exuberant South. While the Government has, and should continue to deal with great forbearance with these wrongly educated misguided men, it cannot leave the person or the property of the poorest, most lowly loyal man of the South without the most ample protection, unless it would blacken its historical fame, incur the displeasure of "divine justice," and the condemnation of the civilized world.

NEARLY FROZEN.—A man whose name we were unable to learn, was found on Sunday afternoon on the railroad tract in nearly a frozen condition. It appears that he started from Alta for the purpose of coming to this place when his face, hands, and legs commenced swelling, and so rapid did this continue that he soon became unable to proceed and laid down on the tract where was found and brought to this place and properly cared for.

CHINAMEN KILLED.—We are indebted to a gentleman who has just arrived from the Summit for the following items. On Saturday a gang of Chinamen employed on the Railroad were covered up by a snow slide and some four or five of them died before they could be exhumed. Snow storms accompanied with high winds made the stay at the Summit anything but agreeable, the snow being from ten to fifteen feet deep; notwithstanding which the road is kept open and the sleighs of the Pioneer Company make their regular trips to Cisco. The snow fell to such a depth on Friday that one whole camp of Chinamen was covered up during the night, and parties were digging them out when our informant left.

**IMPORTANCE OF HAVING DAVIS' PAIN KILLER ALWAYS ON HAND.**—Wonderful Cure of the Rev. D. L. Braxton, Missionary in India, who was stung by a Scorpion. Extracts from his letter, published in the Baptist Missionary Magazine: "For the first time since I have been in India, I have been stung by a scorpion. I went out this morning to my exercise, as usual, at early dawn, and having occasion to use an old box, on taking off the cover I put my hand on a scorpion, which immediately resented the insult by thrusting its sting into the palm of my hand. The instantaneous and severe pain which darted through the system is quite incredible: what a swiftly virulent poison their sting must be! I drew to my bottle of DAVIS' PAIN KILLER, and found it to be true to its name; after a moment's relief I saturated a small piece of sponge, bound it to the wound, and in a few minutes the pain ceased. I feel no more particular interest in my exercises, feeling no more particular interest."

**HOPE FOR THE AFFLICTED.**—In another part of this paper will be found an advertisement of the celebrated Institute established by Dr. J. C. Youns, in 1850. In this age of deceit and charlatanism, it is a boon to the suffering to point out to them where they are sure of obtaining relief for their ailments, and the cure of the skillful Doctor the sick and troubled can direct themselves of their burdens of pain; lay aside their cares, and secure health and happiness. If you are sick or in trouble, read the advertisement and follow the advice. Do not forget the number or the manner of directing your letters. **MEDICAL ADVICE.**—Dr. Wm. K. DOHERTY, M.D., and Surgical Institute is becoming a sine qua non to the welfare of our State and health of our citizens; and his rapidly spreading reputation, although it may excite surprise, is but the signal of success; and follows as the natural result of such a cause. We are personally acquainted with gentlemen who had suffered for years under chronic diseases, and who had taken advantage of every available means that promised relief, but without success, until they called upon Dr. Doherty, who, in an incredibly short space of time, has given them entire relief. It is gratifying to announce this fact, because the Dr. is a gentleman who seeks, not by deflation of others, to establish his reputation or ruin of another's fame. The Doctor conducts his own Institute in such a manner must be gratifying to all his patients. He examines, advises, and recommends without charge, and the patient, after hearing his terms for treatment, can accept or reject at pleasure. In no case does the Doctor make a charge, unless he effects a cure. This he is able to do, because he feels the confidence which long experience has given, and no doubt the consolation which appertains to that confidence. Personal attention to each case, and chronic disease, would do well to consult the Doctor; at all events, it can do no harm, as for consultation he asks no fee; nor does he insist on obedience to his advice unless the patient places himself under his care. His offices are on Sacramento street, opposite the Pacific Mail Steamship office. —Now

A NEW AND GRAND EPIC IN MEDICINE.—Dr. Maggill is the founder of a new Medical System! The quantarians, whose views were entirely based on feeble the stomach and paralyze the bowels, must give precedence to the man who restores health and appetite, with from one to two of his extraordinary Pills, and cures the most violent cases with a box or so of his wonderful and all-healing Salve. These two great specifics of the Doctor are fast superseding all the stereotyped nostrums of the day. Extraordinary cures by Maggill's Pills and Salve have opened the eyes of the public to the inefficiency of the (so called) remedies of others, and upon which people have so long blindly depended. Maggill's Pills are not of the class that are swallowed by the dozen, and of which every box full taken creates an absolute necessity for another. One or two of Maggill's Pills suffices to place the bowels in perfect order, tone the stomach, create an appetite, and render the spirits light and buoyant! There is no griping, and no reaction in the form of constipation. If the liver is affected, its functions are restored; and if the nervous system is feeble, it is invigorated. This last quality makes the medicines very desirable for the cure of delicate females. All Ulcerous and eruptive diseases are literally extinguished by the disinfectant power of Maggill's Salve. In fact, it is here announced that MAGGILL'S SALVE, DYSPEPSIA AND DIARRHEA PILLS cure where all others fail. Which for Burns, Scalds, Childbirths, Cuts and all abrasions of the skin MAGGILL'S SALVE is infallible. Sold by J. MAGGILL, 211 Pine street, New York; E. H. McDonald & Co., San Francisco, and all Druggists, at 25 cts. per box. Jy 12m
